Twilight in my Eye, then I can see for seven million miles

Twilight in my eye tonight

Dreams become clear, the fog gets thicker every time I inhale

Stars look the same to me

Oh my God I went Gold when I saw your smiling face I went Gold when I went through this troubling maze I went Gold And my people behind me all did the same Oh my God I went Gold when the ocean swallowed me I went Gold and I felt that I was free I went Gold and my people behind me all did the same

It's a way to the heaven, don't try to feel too much just let the morning dry your eye 

Let it all in, don't feel afraid of dying just give in let it all in tonight

Oh my God I went Gold when I saw your smiling face I went Gold when I went through this troubling maze I went Gold And my people behind me all did the same Oh my God I went Gold when the ocean swallowed me I went Gold and I felt that I was free I went Gold and my people behind me all did the same

It's a way to the heaven, don't try to feel too much just let the morning dry your eye and I say,

Oh my God ……………….
