i wanna check cuz somebody told me that i would fall  
in love with someone givin my heart and give it all  
until i saw you baby my heart skipped a beat  
i know that it was you  
girl never thought we could be so good together  
through the stormy nights and through the bad  
weather  
my best friend, my lover  
ima let her show to keep it undercover

i wanna make you my girl give you my world  
baby take a chance with me  
i don't have diamonds and pearls  
ill give you my love  
let me be all that you need baby

i know that i can push you baby forgive me, my bad  
i dont wanna hurt you and i dont wanna make you sad  
your like the love i never had  
the way your making me feel baby i want it bad  
its like one times one equals one  
divided by two baby your my better half  
(?) a habit your all i want to do  
your my number one and i'm your number one too  
and i can tell by your smile that your feeling me  
and i'm feeling you girl  
i can tell by that look your watching me  
cos i'm watching you girl  
and i love the way your making me feel, for real girl  
baby give me a chance and give you all that you need  
(let me make you my girl)

i wanna make you my girl give you my world  
baby take a chance with me  
i don't have diamonds and pearls  
ill give you my love  
let me be all that you need baby

i wanna make you my girl give you my world  
baby take a chance with me  
i don't have diamonds and pearls

ill give you my love  
let me be all that you need baby

you caught me wishin on a star  
see i was fishin for  
didn't know that my mission  
was to be fishin for your heart  
listen hard see i don't play the odds  
but ima play the card with the heart ace  
uno number one see i play smart  
and better yet you can be queen  
and i can be your king we can be a team  
oh see baby we could be the dream  
we can have a love supreme if you know what i mean

i wanna make you my girl give you my world  
baby take a chance with me  
i don't have diamonds and pearls  
ill give you my love  
let me be all that you need baby

i wanna make you my girl give you my world  
baby take a chance with me  
i don't have diamonds and pearls  
ill give you my love  
let me be all that you need baby
