"Damn Good And Well"

I know damn good and well
And I told all three of 'em to go straight to hell
I said damn, you're ornery
Good, I'm glad you're gone
Well we been trying for way too long
So long
So long

It was an affair
A moment
A singular event

We're all adults here
We got the go ahead

And so we went ahead

Don't let your emotions get in the way of a really good
time
Don't let your emotions get in the way of a really good
time

They said you should know better
I said I do
I know the best
And perhaps my best
Is what you detest
