Written by Madonna Ciccone and Stephen Bray

CHORUS:

You get under my skin

When I'm next to you

Get over

Every little thing you do I

Can't get with it

Can't put the blame on you

'Cause you get under my skin

I can't get over you

I was thinkin' that you

Never tried to hurt me

Never wanted something from me

Tried to warn me

But you really didn't want me

But I wanted you

'Cause you haunt me

And I felt it from the

Start, you wanna break my heart

So I tried to play the part

And I knew I had to choose

I got nothin' left to lose

Might as well just tell the truth

CHORUS

I was hoping that I was dreaming

And I'd wake up

Think about it

And I found that I had made up

But my heartbeat tells me

That it's not true

'Cause I want you

Gotta have you

Tell me why can't we just

Start, you wanna break my heart

Underneath my skin

And I feel like it's a sin

To let love walk away so fast

I'm not your first

Won't be your last

CHORUS

BRIDGE:

Get up get over get under

Oh baby you hit me like thunder

Get over get under get into

To love you is almost a sin to
