In our conversation

What you said to me

Your words of wisdom

Made me crazy

Your sexy whisper

Made me believe

That all you wanted

Was a piece of me

Don't you want to know who I am

You know you can't find love in a one night stand

There is something that I like in you

So before I make my move

CHORUS:

Slow down, don't go so fast

I need some time to get to know you better

Slow down, gotta make it last

The situation is plain to see

I'd put my wrap on

Every girl that walked past me

I need something real in my life

Come on let's give it a try

Don't you want to know who I am

You know you can't find love in a one night stand

Before I put my move on you

Girl you should

CHORUS
