Written by Gene McFadden, John Whitehead and Victor Carstarphen

Wake up everybody

No more sleepin' in bed

No more backward thinkin'

Time for thinkin' ahead

The world has changed so very much

From what it used to be

There is so much hatred, war and poverty

Wake up all the teachers

Time to teach a new way

Maybe then they'll listen

To watcha have to say

'Cause they're the ones who are comin' up

And the world is in their hands

When you teach the children

Teach 'em the very best you can

CHORUS:

The world won't get no better

If we just let it be

The world won't get no better

We gotta change it yeah
Just you and me
Wake up all the doctors
Make the sick people well
They're the ones who suffer
Who catch all the hell
But they don't have so long
Before their judgement day
So won'tcha make them happy
Before they pass away
Wake up all the builders
Time to build a new land
I know we can do it
If we all lend a hand
The only thing we have to do
Is put it in our mind
Surely things will work out
They do it every time

CHORUS

Wake up
Let's cure the world's disease
Wake up
Let's set our children free
Wake up
Let's feed the ones who need
Wake up

Stop cutting down our trees. . .

I need to breathe

CHORUS OUT
