[Verse 1]

I'm in a spin,
I'm giving in,
I'm living in a day dream
When I saw you,
your smile shone through and touched me like a
sunbeam
I'm inside out,
I'm crazy about,
the way you make my heart feel
I'm head over heels,
I'm falling more each day

[Chorus:]

How did you know
I've been waiting to touch you and tell you how I feel
Walking on clouds
I'm spellbound about you, I can't believe you're real
How did you know
I've been thinking about you and dreaming of your kiss
How did you know, How did you know

[Verse 1]

[Chorus] x2
