Some people tell me that I look kind of funny
My nose is red and the braces didn't work at all
They say the clothes I wear are all out of fashion
I don't fit in and should be shopping at a different mall
I studied classical piano when I could've been playing
guitar
I used to drive an El Camino and I'm not even sure it's a
car

I'm not cool but that's okay
My God loves me anyway
I'm not cool but that's alright
I'm still precious in His sight

I'm not cool but I don't care
How I'm supposed to do my hair
I'm not cool but that's okay
My God loves me anyway

It doesn't matter if I know all the lingo
He doesn't mind if I'm not hanging with a certain crowd
Some people still believe in building image
But I am fine and that's a worry I can do without
I used to wish I was athletic but football was never my
game
I met some friends in mathematics but no one can spell
my last name

I'm not cool but that's okay
My God loves me anyway
I'm not cool but that's alright
I'm still precious in His sight

I'm not cool but I don't care
How I'm supposed to do my hair
I'm not cool but that's okay
My God loves me anyway

He says that I am one of a kind
And I don't have to try to be somebody else
He believes in me and says I'm free to be myself
I can be myself

I'm not cool but that's okay
My God loves me anyway
I'm not cool but that's alright
I'm still precious in His sight

I'm not cool but I don't care
How I'm supposed to do my hair
I'm not cool but that's okay
My God loves me anyway
