[Hook]

Everyday's another hustle when grind is all I got  
I do anything to get it, and I'm never gonna stop  
So I focus on tomorrow when I make it to the top  
Cause I came from nothing, came from nothing  
Swear I'll never let my dreams fade away  
Gonna trade in all my struggles for a whole another  
place  
I'll be fighting till I get it, they can see it in my face  
Cause I came from nothing

Now I ain't have a lot, but then again, I had more than  
most did  
Wrote the I am horse was a straight polo kid  
I kicked my little raps, pump my little cracks  
Co op sittin, we had our own little trap  
I'm getting older now, letting my nuts drag  
Daddy called it peach fuzz, I called it a moustache  
Everybody recognizing that's the young rap kid  
Years later, I'm in the state, doing the flat bed  
How did I get here, my brain saying bozo  
Laying in my cell, seein them shots in slow mo  
My girl writing and she sending me ass pics  
I'm loving em but thinking, yo who's taking these  
damn flicks  
Time went on, she done left, had a kid or 2  
Heart getting cold and bitter, that's what the bitter do  
I shook it off, cause I never wanna stress a broad  
They I got that cold, told r... at the lord  
She hit me hard, but I had to keep pushing  
Started thinking grimey, that's what happens when  
you meet brooklyn  
Niggas, but now your boy is on the street  
Again the industry we meet again  
Now it's time to eat again  
So fuck with us, but please don't fuck with us  
Bitches fuck with us, police fuck with us  
Came from the gutter most now we at the audemar  
Strange niggas wanna tolt us that's why I keep my  
brother close

I came from the bottom, new kicks never got em  
The dude who told me to do this, they shot him  
Never forgot him, I'm doing this for us now  
Got snakes, and only a few niggas I trust now  
Cough down on the bus, heading to sing sing  
Just was in the club with puff, spoiling bling bling  
Supreme dream turned to a nightmare  
Trapped in the jungle, nigga could lose his life here  
Niggas got life here, nobody fight fear  
But I'm willing to die for mine,  
That was quite clear  
So I was alright there, mighty on the late night  
On the top tier, telling god, this ain't right  
But it ain't like a nigga gonna fold it  
Throwing punches, a nigga gonna roll  
Now I'm home  
All these fake niggas winning  
Handshakes is suspect, and he steady grinnin  
But I already been in hell and devil can't break me  
So I'ma grind till I win, or the lord take me  
I know they gonna hate me, cause I never quit  
Never gonna stop,  
So they never get to see defeat in my eyes  
They won't see my demise  
The rose that grew from the concrete  
See how I rise, like a souffle, truffle  
I'ma just do me  
When I die, fuck whatever you say
