One time for my niggas getting green
2 times for the ladies and the queens
3 times for the niggas down to ride
Throw your motherfucking hands in the sky
If you're certified
One time for my niggas getting green
2 times for the ladies and the queens
3 times for the niggas down to ride
Throw your motherfucking hands in the sky
If you're certified

I got lame niggas scared of me, they still clear me
Few real niggas that's left is right here with me
I don't lie, don't play truth or dare with me
Case they compare to me, bear with me
This shit funny, I get money and keep it g
Add all these niggas together, they don't equal me
They don't even be, who they say they is
I'm a grown ass man, I don't play with kids
I don't swerve it thug, I don't beef on twitter
I'm a certified thug, I pull heat on niggas
Man I put hazy feet on niggas
That's the type of shit them us be on nigga
We on nigga, black wall, that's all
Game gotta say I come, it's like a black hole
They say I'm black ball, suck my black balls
I know you tired these frontin niggas, I'm back y'all

I was born where you peek at
Iâ€™m strong where you weak at
I holler in the hoods, you canâ€™t make a peak back
You rather snitch and do a year, I eat that
You begging bar I tell the nigga to keep that
That meat rack, Iâ€™m so off
To me black, youâ€™re so soft
Yâ€™all donâ€™t cough in the presence of a made man
How you a player, you ainâ€™t even got a game plan
Iâ€™m part of game plan, the take over
They make shit up, the game need a makeover
It ainâ€™t over till I say so, they know
A nigga play with me, he get wings in the haylow
They go night night, and never wake up
Go on a date with death and never break up
They say itâ€™s what a man do that he judged by
21 gun salute when a thug die
