I'm honest to the senseless  
Truth hits hard the lovers  
I'm ashamed for my pleasure  
Because luxury is leisure

But when I return to conscience  
The ashes of the last filter cold.

Then i feel I'm but a Mojo  
A spit into the flame  
I feel like a pearl on the velvet  
A pawn inside your game.

This turns out as a Verdict  
The King of Kings is gone  
There's no feel to feel lighter.  
The stranger is inside her.

But when I get to believe,  
the perfume of morning to receive,

Then i feel I'm but a Mojo  
A spit into the flame  
I feel like a pearl on the velvet  
A pawn inside your game.  
You're addicted to the same  
You're addicted to the same
