Watch it  
Move back away from him  
Is he dead?  
[Sigh]  
He passed out on the sofa  
Whoa!

[Pacewon]  
Yo! Yo! Yo! Yo!  
Light a blunt, get pumped  
P-A-C-E  
Live entertainment, replace TV  
Made for the kids, the DJs and fiends  
Makin' y'all jam like freeways and streets (Screech!)  
I keep it moving like soul to soul  
Record label, my whole team going gold  
Dumbin' out  
You run your mouth rapid  
'Till I see your face and I slap it  
Yo! I'm a wizard at this  
Weave a spell, it's like magic  
Turn that bully boy into a faggot  
Turn that pig cop that been jockin' you right back to  
maggots  
Turn his blue steel into plastic  
Yo! I turn boogie in the goodie, sit back and roll a fat  
one  
Turn a vinyl record into platinum  
Turn a real calm motherfucker to a thug that want  
action  
I'm here to heal the sick, I'm like aspirin  
Yo! I walk on water like the saviour (Pacewon!)  
I declared war on the mayor  
You know me, low key  
Sittin' on my porch gettin' high I'm like Smokey  
Chipped up celly  
Cussin' out Sony (Where the fuck is my cheque?)  
Yo! I don't just live by reputation  
I'm thuggin', with a weapon waitin'  
To slug you  
Love to

Treat me like Gotti when I come through  
Run crews, aunts and uncles I love

I touch (You! You! You!)  
Let me set it off for (You! You! You!)  
Always keep it raw for (You! You! You!)  
Rock it to the core for (You! You! You!)  
Yo! What you want? Yo! (You! You! You!)  
Yo! Can't touch me (You! You! You!)  
Mad 'cos your girl wanna...Uhhh (You! You! You!)  
Who got as much money (You! You! You!)  
Yo! What you want?

Yo! I always think busy  
Keep the money crispy  
Smoke out back to back phillys  
Let's go half  
I got fifty  
You fuckin' with a grisly  
Hippie, make you feel jiggy  
Make your girl wanna fuck, wanna cuddle up and kiss  
me  
Licky, licky, tricky, dizzy, silly  
I don't need game, I just keep it on the real-ly  
Bust shots like they 9 mill-y  
'Tis for my people in The Bricks  
For my people out in Philly  
Connecticut, New York city  
Bad Boy, see the no smokin' signs  
Still light a blitty  
Dance around like P. Diddy  
Greedy motherfucker, don't care  
Grab your kitty by the titty  
She love it  
Like Kim do Biggie (Huh!)  
Dig me, the world move quickly  
Killin' off the weak and the sickly  
Believe it or not it's like rippies  
Some niggas rap, some niggas flip keys  
Some bitches strip-tease  
Some work at Wimpy  
Gotta crush, hot and heavy on an MC  
And like Fat Joe, jealous ones envy  
Pacewon, you wanna be like me  
Carhartt cap on, new pair of Nikes  
Virgo vibes, might pull a Piscies  
Too close to Aries, turn out to be sheisty  
Yo! I'm being watched by a strike team,  
Wanted by the feds before the age of nineteen  
Yo! Yo! Be careful standin' by me  
I'm tricky, might slip a mickey in your ice cream

Yo! Yo! Yo! 'Till my day come  
Best regards all of y'all  
Pacewon

You! You! You!  
You! You! You!  
Keep it raw for (You! You! You!)  
Rock it to the core for (You! You! You!)  
Yo! What you want? Yo! (You! You! You!)  
Yo! Can't touch me (You! You! You!)  
Mad 'cos your girl wanna...Uhhh (You! You! You!)  
Who got as much money (You! You! You!)  
Yo! What you want?
