The morning arrives,  
Realization still inside.  
Will I ever get back home?  
Every feather floats alone.

Day after day,  
The clock is ticking and winding away.  
Where are you tonight?  
I can still hear the chimes.

Oh why? oh why?  
What I've got in the end,  
Is a life to try and mend,  
And all I need is a chance to be myself again,  
What I've got in the end,  
Is a life to try and mend,  
And all I need,  
Is to be myself again.

Cry to the sound,  
Of a place I should be around.  
Oh that endless rage inside of me,  
Will I ever rest in peace?  
You all seem so blind,  
Yet the truth hangs between your eyes.  
Please help me come through,  
And I'll come back to you.

Oh why? oh why?  
What I've got in the end,  
Is a life to try and mend,  
And all I need is a chance to be myself again.  
What I've got in the end,  
Is a life to try and mend,  
And all I need,  
Is to be myself again.

I'm just a feather that floats all alone, I am scared.  
Falling alone, disappear like a breath in the air.

I wanna, be.

I wanna, be.  
I wanna, be myself again.
