"The Hardest Core"

Visit "[The Hardest Core](#)" on MotoLyrics.com

Listen, this is a tribute
To those who live the TRUTH,
Who never step back

Still ready for attack!

No step back... hardest core!
Ready to
Attack... hardest core!
Try to keep it straight... hardest core!
No need to
Be tough... the hardest core!

Who follows his beliefs,
Who always strives
For peace
We are the unruly crowd,
By AUTONOMY we're bound

No step
Back... hardest core!
Ready to attack... hardest core!
Try to keep it
Straight... hardest core!
No need to be tough... the hardest core!

Have the
Courage to change...
TAKE YOUR LIFE BACK!
No step back... hardest core

Ready to attack... hardest core!
Try to keep it straight... hardest core

No need to be tough... the hardest core!
