When are we supposed to find the answers?
Is it only when we are finally able to see
The light that blinds us in the distance?
There within the shadows is the path that will set us
free.
I can see it, can you?
Let's go towards the light and find our place within
time.

Light, shadows, the distant horizon.
We can reach it only if we try!
To mask the darkness within our hearts
Can set free the everlasting dream.

Soar high into the sky at last.
Only the clouds are in our way.
Push them aside and glide on towards the stars.
Space seems to expand on forever.
Where are the other worlds that we are supposed to
find?
Just around the bend is the final path we must travel.
To rid ourselves of the pain growing inside us all.

When are we supposed to find the answers?
Is it only when we are finally able to see
The light that blinds us in the distance?
There within the shadows is the path that will set us
free.
I can see it, can you?
Let's go towards the light and find our place within
time.

Move on out, move towards the light.
Gaze about that which surrounds you.
I am here to save you and guide you home.
Hang on to me and everything will be all right.
Just wait and see.
Take it to the maximum!
With maximum velocity, we can reach the sky and the
stars beyond.

Light, shadows, the distant horizon.
We can reach it only if we try!
To mask the darkness within our hearts
Can set free the everlasting dream.
