To let go means to forget everything I know
Subete (everything)
How could I?
When the world is collapsing all around me
Omae dake ni wa (just for you)
The dust storm moves on

Settling down
Are you listening? I ask
We move on
In this forgotten wasteland of missing memories
Koudo (wasteland)

*It is nothing new to me
Just the same old same old
Happening again
For subete no boku no omoi wa (every feeling of mine)
I could
Warui you ni wa kesshite shimasen (never make a bad
choice)
If I do
Kotae ha nai (there is no solution)
Because
Kono sekai zutto (in this world always)
No matter what
Kimi wo mamoru (I will protect you)

Isn't it great that we can be together?
Never apart, not even for a second
To let go of you means to forget that you ever existed
How could I?
Since space seems endless
Omae dake ni wa (just for you)
The dust storm moves on

Just this once I pray for the endless conflict to end
A shooting star!
Make your wish
Settling down
Are you listening? I ask
We move on

In this forgotten wasteland of missing memories

Wait, just wait
I will be here until I die
Omae dake ni wa (just for you)
