Don't even trip I got you covered like a placemat/  
Shorty keep on starin' I'm like can I have my face  
back/  
I can imagine you've won your share of pageants/  
Lay down like a carpet shorty I can play Alladin/  
My penmanship is baller, got the wordplay of a scholar/  
And I've got men insecure because their bank accounts  
are smaller/  
See her dancing in the spotlight steady throwing out  
her back and/ All I see is cleavage I should call her  
Janet Jackson/

She's on a roll/  
The way she drop it makin' profit down the poll/  
She make the people at the party lose control/

The way she drop it makin' profit down the poll/  
Oh you can tell that primma donna's on a roll/

She's so primma donna in her Dolce & Gabanna/  
Shorty I just wanna see you back it up like a Honda/  
Oh she chat it up and I appreciate the banter/  
Shorty's Puerto Rican so I couldn't understand her/  
I'm wildin' out you know my crew is straight  
orangutanin'/  
Never see me talkin' to a hoochie with her fusions  
hangin'/  
I'm fit to be the kind of lover you deserve/  
Met your boyfriend at the party he was serving out or  
d'oeuvres/

Chorus x2
