Nannannaana nannannanaanaâ€¦

Hey, what am I going to do

Can't get this by with you

You hide away from me

And I understand

If kiss will make you shy

But please, don't say goodbye

When I try to make you see:

You're the last in line

Anything but fine

Waste of time

But still you're mine

You're far from cool,

Nothing better than fool

But I swear it's true

I do love you

Nannannaana nannannanaanaâ€¦

Hey, you leave your band in blues

in someone else's shoes

To me it's all okey

And now you're bore

Under a lucky star
and sense in your heart
But hear when I will say:
You're the last in line
Anything but fine
Waste of time
But still you're mine
You're far from cool,
Nothing better than fool
But I swear it's true
I do love you
Nannannaana nannannanaana
