How do you face the sunshine (x2)

How do you face with sunshine  
Put on a great smile

Make up your eyes with laughter  
Blue never was in style

The future is brighter  
When hards are lighter  
So smile, smile, smile, smile...

The future is brighter  
When hards are lighter  
So smile, smile, smile, smile...

Put on you a great smile  
Never was in style, smile (x4)

Smile, smile...

Put on you a great smile  
Never was in style, smile (x3)

Smile, smile...

How do you face with sunshine  
Put on a great smile

Make up your eyes with laughter  
Blue never was in style

The future is brighter  
When hards are lighter  
So smile, smile, smile, smile...

Put on you a great smile  
Never was in style, smile...
