Let me love you (you x4)

You're so...

Let me love you (x2)

You. You.

We love the way, the way she smells.

Ooh ah ooh ah ooh ah ooh.

She does the things she does so well.

Ooh ah ooh ah ooh ah ooh.

Keep it, love it, and do what you do.

Falling around and I'm falling for you.

(x2)

I think you smell great.

You really (you really)

You really brighten up my day.

What I don't know (x3)

What I don't know can't hurt me.

What I don't know (x4)

Let me love you (x2)

You. You. You're so...

Let me love you (x2)

You. You. You're so lovely.

We love the way, the way she speaks.

Ooh ah ooh ah ooh ah ooh.

I love the way she makes me think.

Ooh ah ooh ah ooh ah ooh.

Keep it, love it, and do what you do.

Falling around and I'm falling for you.

(x2)

I think you smell great.

You really (you really)

You really brighten up my day.
