Can you feel the hyeeyyyeeeyype

[Chorus]

Can you feel it in ya body-ah [can you feel it]

Can you feel it in ya body-ah [can you feel it]

Coz I can feel it in my body-ah [I can feel it]

It feels good to my body-ah

To my body, in my body-ah [can you feel it]

Can you feel it in ya body-ah [can you feel it]

Coz I can feel it in my body-ah [I can feel it]

It feels good to my body-ah

We gonna make y'all feel it

Make y'all feel it

Make y'all wanna jam

Fellas in the place just clap your hands

Ladies in the house just grab a man

We gonna make y'all feel it

Make y'all feel it

Make y'all wanna move

Ladies in the place just show 'em proof

Fellas in the house you know what to do

We gonna make y'all feel it in a special way

An EVENT full of action and expose

Ladies in the CLUB looking ready to play

And I'm waiting for the right one to pass my way

And in the mean time I'm about to roll up The Hague

We got drinks on the table, time to parle,

And it's time to unwind if you've had a low day

And ladies, I got something to say

[Chorus]

We gonna make y'all feel it

Make y'all feel it

Make y'all wanna jam

Fellas in the place just clap your hands

Ladies in the house just grab a man

We gonna make y'all feel it

Make y'all feel it

Make y'all wanna move

Lades in the place just show 'em proof

Fellas in the house you know what to do

Feel the vibration of the bass charm,

Put your hand on the speaker, get your face blown

Get up on the floor, get your dance on

Coz your backbone's connected to your ass thong

The ladies all dressin up high fashion [hot!]

Dancing all sexy with passion

Honey, if you don't mind me askin',

Can you feel all that bass in that ass, hun?

[Chorus]

This is it [this is it] gotta keep 'em moving

Don't stop [don't stop] once you get moving

Don't break [one break] next thing you know

You on top [you on top] so hop to the rhythm

That we rooocckk it [rock] get loose and express

What you got [what you got] at least you gotta

Give yourself a shot [a shot] hey never get 'em up

And gimme what you got?

Can you feel the hy-y-y-ype?

I can feel the hy-y-y-ype

Can you feel the hy-y-y-ype?

I can feel the hy-y-y-ype

[Chorus]

To my body, to my body-ah

To my body, to my body-ah
