Yeah, I like this
Yeah, Yeah...Yeah Yeah....
Uh-huh, Uh-huh

I took your picture,
With one particular...reason
And its to...capture your character
I like to sit and stare at ya
Ain't nothing wrong with starring at ya.
Girl don't be scared at the fact,
that I envisioned us getting married and I,
I ain't trying to rush nothing.
Cause I ain't Russian
I wanna take the time like
"Whats them things that move slow, you know"
Damn...I can't think cause you on my mind.
And when you on my mind, I can't find,
anything that rhymes with the word 'rhyme'.
I gotta rhyme 'rhyme' with 'mixture'.
And speaking of mixture,
With you, I wanna be mixed up.
I'm a record, and you're like a record,
So lets let the DJ mix us.
You like an elixer,
thats got me tipsy.
This is just like Ripley's
Belive it or not, But I love ya, girl.

CHORUS

Girl you really got me going, outta control.
I don't know what I'm doing, lets let it go.
And do what we do best, take of our clothes.
We look better undressed.

Bridge-repeat 2x
lets get sexy
lets get sexy
comfortable
comfortable
fightin' is rightin'
fightin' is rightin'

lets get sexy
its so much more exciting

for you im a fanatic
im a addict
ur sexy antics turn me on like automatic
no need to get dramatic
but i gotta have it
(gimme gimme gimme gimme)
gimme some of them sexual acrobatics
Karma Sutra girl, anything that suits u girl
things u aint used to girl
come over here and let me show you just how willy do it
im a freak and u knew it

REPEAT CHORUS

(YES YES YES)
