Everybody report to the dance floor,

If y'all ain't out there on that floor
You asked me to bring it
so I brought a little more
Give it to ya raw,

Lock the terminator gonna keep this pure
Just for y'all, for y'all pleasure (your pleasure, pleasure)
Smoking hot like bim cigars
This goes out to my neighbor's

Hey ladies lets get down
Spin your partners round and round (round and round
and round)
wait on your back and dosedo
don't say nothin' if you dosedoed

(oh no)

Let's scream and shout
And turn this jamboree-out
That's just what we're gonna do
'cause I brought a little something that's made for you.
(for you)

What the hell are you playin' for?
Care to show shorty just rockin' it more
I started out just rocking their floors
But now I'm oversea's rocking european tours

Mostly I'm dedicated to the city of L.A.
Open up the circle and rockin' in the bay
Take it down to London and rock the same way
down under to Perth and back to Sydney

We rock the earth,
'cause we don't play
we do it like this
the Black Eyed Pea way (Pea way)
Do as we do, do what we say say, (say say)
Get on the floor and shake your thang thang (thang
thang)

Do dat, do dat, do dat, do dat (ow)
Do dat, do dat, do dat, do dat (ow)
Do dat, do dat, do dat, do dat (ow)
Do dat, do dat, do dat, do dat, do dat, do dat

movin')

I got somthin' for that a** (I got somthin' for that a**)
You can feel it in the club (You can feel it in the club)
