Right now

Right now is the right time, for the good things in life
Let's celebrate, let's bring upon the better times
And let the setter times disappear
Oh, I feel like a champion in this date, uhm
There's love up in the morning, uhm
I'mma put this in my memory, as the best time ever

This is the best one yet, and I'm so happy
How could we ever forget, ooh
This is the best one, this is the best one
This is the best one yet, and I'm so happy
How could we ever forget, ooh
This is the best one, this is the best one
This is the best one yet

Let's celebrate

Let's do it right now and not hesitate
We gonna rock until the top like eleven
Bottles up, here we go, let's intoxicate
I was feeling good but now I'm feeling free
Best ever, ain't no I don't exaggerate
This moment is the moment I'll appreciate
Today is the day I will remember

This is the best one yet, and I'm so happy
How could we ever forget
This is the best one, this is the best one
This is the best one yet, and I'm so happy
How could we ever forget
This is the best one, this is the best one
This is the best one yet

Let's celebrate
Let's celebrate

This is your moment, this is your moment
This is the time, this is the time
To get it right tonight, to get it right

You don't wanna let the moment pass you by
So come on and take this one in a photograph
Everything I made as right, I made as loud
The night is young and we raise our glass
We'll make it count like the best one we ever had

The best one yet, the best one yet
The best one yet, the best one yet
The best one yet, the best one yet
The best one yet, the best one yet
This is the best one yet, ooh

This is the best one yet, and I'm so happy
How could we ever forget
This is the best one, this is the best one
This is the best one yet, and I'm so happy
How could we ever forget
This is the best one
This is the be-be-be-be
One-one-one-one
On-on-on ye-yet
