Some times I pick the flower  
Cause I wanna know  
He loves me not  
He loves me lot  
He's got to go

Not talking bout the dude  
That's on the go go go

The situation that we got  
Is so much more.

You make me laugh  
You make me cry  
But I want you  
Right by my side  
And if you go I could die.  
You bring me low, you bring me high.

I build you high.  
you break me down.  
And that's story of our situ-a-a-a-tion

You pick me hard.  
I let you down.  
And that's story of our situ-a-a-a-tion

My therapist told me that opposites attract  
I wish that she was here with opposites attack.

You love me then you hate me  
What's it going to be

Don't wanna miss the magic  
That is you and me

You make me glow  
You make me shine.  
We always fight right on time.  
And if you go I could die  
You bring me low, you bring be high

I build you high.  
you break me down.  
And that's story of our situ-a-a-a-tion

You pick me hard.  
I let you down.  
And that's story of our situ-a-a-a-tion

Sometimes we don't see each other eye to eye baby.  
We up and down like a rollcoaster ride baby.  
Sometimes you don't see the way I try baby.  
I hate the way you make me wanna cry lady.  
I wanna fly away.  
Sometimes I need a break.  
The way you treat me made  
me wanna go and say.  
But I can go on.  
with out you in my arm.  
I can't resisted the way you used me with your charm.

You make me glow  
You make me shine.  
We always fight right on time.  
And if you go I could die  
You bring me low, you bring be high

I build you high.  
you break me down.  
And that's story of our situ-a-a-a-tion

You pick me up.  
I let you down.  
And that's story of our situ-a-a-a-tion

I build you high.  
you break me down.  
And that's story of our situ-a-a-a-tion

You pick me up.  
I let you down.  
And that's story of our situ-a-a-a-tion
