{*instrumental for the first 22 seconds*}

[Verse One]

Hey lady how you be?
What'chu doin? What you need?
What's yo' name? What's your sign?
What'chu think? What's on your mind?
Can you mingle, spend some time?
Can I try to make you mine?
Are you single? Let me know
All these things I wanna know
Lady lady come with me
Hop inside my love machine
We can share the energy
Make a pretty melody
La-da-di, la-di-dah
Special woman's what you are
We can take it to the stars
And we can go far & beyond

[Chorus: Fergie]

Tell me where you wanna go, where you wanna go
Baby we could take it fast, we could take it slow
Give me one night and I can make you mine
Sweet love

[Verse Two]

Girl you know, you the one
We should go, have some fun
Got me whipped, got me sprung
All my niggaz think I'm dumb
I don't care, I love you
You love me, yeah that's true
That's the only thing that matters
Not all that other chit-chat
La-da-di, la-di-dah
What you love is what we are
Girl you hold, hold my heart
Ain't nothin rip us apart
Be me light, be my star
Be my L-O-V-E-R

Makin love, love is ours
We can go far & beyond

[Chorus: Fergie]

Tell me where you wanna go, where you wanna go
Baby we could take it fast, we could take it slow
Tell me what you wanna do, what you wanna do
Maybe you could fall for me, and I could fall for you
Give me one night and I can make you mine
Sweet love

[Verse Three]

Baby, baby, let me know,
Tell me where you wanna go?
I will be there for your love
and love you like never before
Take you where you wanna be
I'll make some time for you and me
I need yo' love like remedy
My nine-one-one emergency
I love you baby, I, I, I love you baby
You drive me crazy, you, you, you drive me crazy
You're so amazin and your lovin is incredible
I keep on waitin and waitin, so baby let me know

[Chorus: Fergie]

Tell me where you wanna go, where you wanna go
Baby we could take it fast, we could take it slow
Give me one night and I can make you mine
Give me give me one one
Give me one night and I can make you mine
Give me one give me one
Give me one night and I can make you mine
Give me one, night
Give me one night and I can make you mine
Sweet love

[Verse Four]

Uhh, I take you to my room
I know you in the mood
I told you once befo' befo'
My spaceship it goes zoom
I take my to my palace
Let's rendezvous in Dallas
Take private planes to San Tropei
and Wonderlands like Alice
We'll travel to the stars
And baby we'll go far
So grab upon this penis
Make my Milky Way go Mars
So baby go with me

Explore these galaxies
I show you that I love you
Cause girl you the one for me, yeah
