Take me in
I am looking for cover
For a sin
They should never discover
And if you don't
They will all find out
What I only want you
To know about

Quiet now
I am so filled with cold fear
You know
That I really belong here
For many years
I was so in doubt
From what would happen
If you found out

The loneliest soul
Is trapped in cover
The longing for love
Is aching all over
The stretching of time
Increases with aging
As all that it wants
Is warmth to release him
The gate once was open
Salvation was near
By saving all others
Was doomed to stay here

I will show
before the day is ending
That I know
From whom I'm really depending
My gratitude
Is all I have to give
By your side
Is where I want to live

Now I see

You helped me recalling
By what you do
You stopped me from falling
There is no one else
Who could ever be
Getting near
This close to me
