I, I have every reason to wake up early in the morning,  
But I, I have none for what is keeping me awake every  
night.

In your kiss I could find the bitter,  
which is sweeter it is, to be truthful to yourself.  
But now, but now roles have changed.  
Pyeah, yeah yeah eh!

I just wanna feel alive for the very first time in my life.  
I just wanna feel alive for the very first time tonight.

I don't wish you wrong, but I don't wish you well,  
Everything you do, it's the same to me.  
I don't wish you wrong, but I don't wish you well.  
I'll see you in hell.

Your mind was filled like a cabaret,  
Everywhere you looked, there was something to take.  
But now, but now roles have changed.  
Pyeah, yeah yeah eh!

I just wanna feel alive for the very first time in my life.  
I just wanna feel alive for the very first time tonight.  
I don't wish you wrong, but I don't wish you well.  
Everything you do, it's the same to me.  
I don't wish you wrong, but I don't wish you well.  
I'll see you in hell.

But I have every reason to wake up early in the  
morning.  
But I have none for what is keeping me up every night.  
Pyeah

I just wanna feel alive for the very first time in my life.  
I just wanna feel alive for the very first time tonight.

I don't wish you wrong, but I don't wish you well.  
Everything you do, it's the same to me.  
I don't wish you wrong, but I don't wish you well.  
I'll see you in hell.
