You can kiss it
You don't own me
You can kiss it
I'm not you bitch
You can kiss it
You don't own me
You can kiss it
Oh, you can kiss it...

No one tell's me what to do,
No one and no one tell's me what to say,
No I don't live my life for you,
You've better get not on my way,
The sacrificial all alone,
I wanna live my life on my own,
And if you don't like this or that,
Than you can kiss it!

No one tell's me how to dress,
No one and no one tell's me how to live,
No I don't want you to confess,
About the girls you've sleepin' with,
The sacrificial all alone,
I wanna live my life on my own,
And if you don't like this or that,
Than you can kiss it!

No one tell's me what to do,
No one and no one tell's me what to say,
No one tell's me what to do,
No one and no one tell's me what to say...

Oh, you can kiss it..
Oh, Oh, you can kiss it!
Oh, Oh, you can kiss it!
