No I'm not lost, No I did not fall in to ever broken
No silence did not keep me, No I never lost track
Stop revising where I go and checking if I use the same
way home
That's how you'll make me lose my way back home

(Chorus):

Because it's my will and because I don't want it to break
I hide my heart in a place in the dark
It's because I care about myself, there was no way to
talk about
Selfishness
I hide my heart in a place in the dark

No I won't break under the pressure, won't make
mistakes
You've already done, No I won't listen to your voice
Stop hurting me, I can't believe,
You see I'm not naïve and you still insist
That you must break my heart; guess what you won't
tear it apart

(Chorus):

Because it's my will and because I don't want it to break
I hide my heart in a place in the dark
It's because I care about myself, there was no way to
talk about
Selfishness
I hide my heart in a place in the dark

(Bridge):

Even though you think I'll lose the war, but haven't even
lost the battle
Oh, if you see you'll believe, it's a place safe and sound
No need to worry if that's complicating your life

(Chorus): -2x

Because it's my will and I don't want it to break
I hide my heart in a place in the dark
It's because I care about myself, there was no way to
talk about

Selfishness

I hide my heart in a place in the dark
