Sorry is not enough to fix what's broken  
I'm disappointed for falling for you  
I wanted to see good in you, when I knew there was  
none  
I'm disappointed for falling for you

I was too naive I didn't wanted to believe  
Then everything came crashing at my feet

(Chorus):

Standing next to the exploiter telling me that it's over  
Wanting to see my cry but I didn't give the satisfaction.  
Standing next to the exploiter, telling me that the  
waiting game is done  
And you can move on, because I did

Sorry don't mean a thing anymore if it comes from you  
I'm disappointed for falling for you  
I wanted to give and not ask in return, but you never  
give anyway  
I'm disappointed for falling for you

(Chorus):

Standing next to the exploiter telling me that it's over  
Wanting to see my cry but I didn't give the satisfaction.  
Standing next to the exploiter, telling me that the  
waiting game is done  
And you can move on, because I did

(Bridge):

I was too naive and now I'm heartbroken  
Give and take all the pain I lived before  
I let my heart get leaden on and on and on  
Now I know only fools believe, in love

(Chorus):

Standing next to the exploiter telling me that it's over  
Wanting to see my cry but I didn't give the satisfaction.  
Standing next to the exploiter, telling me that the  
waiting game is done  
And you can move on, because I did
