By the minute everything changed, I got stuck in the
same mistakes
Killed with the pressure and it felt like I was still alive,
as they buried
Me into living lies, hunting me in the afterlife
Waiting I keep waiting, as I wait it all seems to make
sense

(Chorus):

Lullabies and melodies that you sang to me
All turned out to be a spell you putted on me
Broken hearts and the last of dreams you decided to
take away from me
All turned out to be my kiss goodbye

Lights turned out, it's time to go
No more fights, I'll skip my tries
Winning you means losing me,
Fighting seems to be the option, but I'm tired of fixing
my emotions

(Chorus):

Lullabies and melodies that you sang to me
All turned out to be a spell you putted on me
Broken hearts and the last of dreams you decided to
take away from me
All turned out to be my kiss goodbye

(Bridge):

Am I waiting too long, to understand?
That it's easy to fall for everything that seems to be like
the truth
I am simply leaving this to you
I'm thinking should it be, is this empty worth filling with
you?

(Chorus): - 2x

Lullabies and melodies that you sang to me
All turned out to be a spell you putted on me
Broken hearts and the last of dreams you decided to
take away from me

All turned out to be my kiss goodbye

Nooo oh ohh, have I lost my mind for my kiss goodbye
