I took your name of the waiting list
I scraped it hard and I didn't leave a trace
That your name was written there there
Cause I'm tired of

(Chorus):

Of waiting and giving and never getting back
Of disappointment whenever your around
Of shaking my temple walls cause luck is not on my
side

I wiped the tears from my face
I left the game, and it's said and done
That it's enough

(Chorus):

Of waiting and giving and never getting back
Of disappointment whenever your around
Of shaking my temple walls cause luck is not on my
side

(Bridge):

Of keeping silence when I'm craving to speak loud
Whoah Oh Oh, Whoah Oh Oh

(Chorus): 2x

Of waiting and giving and never getting back
Of disappointment whenever your around
Of shaking my temple walls cause luck is not on my
side
