I hope you know what you're doin? to me here

(What you're doin? to me here?)

Take some responsibility for your awareness

Of the levels on which we lie

I'd hate to believe only to find that I'm wrong

I'm wrong, I'm wrong, I'm wrong, I'm wrong

I'm wrong, I'm wrong, I'm wrong, I'm wrong

Don't act that way it's unbecomin?

Just do what you do, do what you do

Do what you do, do what you do, do what you do

I only know that you're the one that always makes me
feel it

It's nothin? that you do or say it's just the way you are

If I could bottle what you got then life would be too
perfect

I'll take it as it comes, any way you choose to give it

I challenge you to make a wrong move

A wrong move, a wrong move

Even when you're actin? the fool I cannot see through
you

Through you, through you

The culmination of experience that I can only ever
dream of

Is tearin' your clothes off

How many lifetimes does it take to live in the present day?

Live in the present day, live in the present day

I only know that you're the one that always makes me feel it

It's nothin' that you do or say, it's just the way you are

If I could bottle what you got then life would be too perfect

I'll take it as it comes, any way you choose to give it

I only know that you're the one that always makes me feel it

It's nothin' that you do or say, it's just the way you are

If I could bottle what you got then life would be too perfect

I'll take it as it comes, any way you choose to give it

Any way you choose to give it is sincerely a pleasure of mine

Mine, mine, mine, mine, mine, mine

But don't think you can imitate the accent of fate

You've got to walk the line, walk the line

And I can think of a few things to say to make things right

But by the time I say them we will be in different light

Please appreciate the limits of the flesh

The spirit will not rest, will not be satisfied with anybody else

I only know that you're the one that always makes me feel it

It's nothin' that you do or say, it's just the way you are

If I could bottle what you got then life would be too
perfect

I'll take it as it comes, any way you choose to give it

I only know that you're the one that always makes me
feel it

It's nothin? that you do or say, it's just the way you are

If I could bottle what you got then life would be too
perfect

I'll take it as it comes, any way you choose to give it
