"Full Moon"

When the thorn bush turns white that's when I'll come home
I am going out to see what I can sow
And I don't know where I'll go
But I don't know what I'll see
But I'll try not to bring it back home with me

Like the morning sun your eyes will follow me
As you watch me wander, curse the powers that be
Cause all I want is here and now
But its already been and gone
Our intentions always last that bit too long

Ooh Ooh

Far far away, no voices sounding, no one around me
and you're still there.

Far far away, no choices passing, no time confounds
me and you're still there

In the full moons light I listen to the stream
And in between the silence hear you calling me
But I don't know where I am and I don't trust who I've
been
And If I come home how will I ever leave
