Your pretty eyes they follow me

Across the room to infinity

I turn around but you're not there

What's the name of the game

That you play everyday with me, with me?

What you gonna do? What you gonna do?

What you gonna do? What you gonna do?

What you gonna do?

I don't know what she did but she did it to my head

I don't know what she said but she said it to me

I don't know what this is but you better make it  
something

Do what you want to do then take it with you

What you gonna do? What you gonna do?

What you gonna do? What you gonna do?

What you gonna do? What you gonna do?

What you gonna do? What you gonna do?

What you gonna do? What you gonna do?

Her tiny voice is in my head

This conversation's with the dead

Her footsteps trace my every move

Tell me why do I try to believe in a lie with you?

I don't know what she did but she did it to my head

I don't know what she said but she said it to me

I don't know what this is but you better make it  
something

Do what you want to do then take it with you

What you gonna do? What you gonna do?

What you gonna do? What you gonna do?

What you gonna do? What you gonna do?

What you gonna do? What you gonna do?

What you gonna do? What you gonna do?
