an innocent child in new orleans  
a simple girl from simple means  
walked the rails  
rode her thumb  
she hitched a ride with the eery one

the regular, she'd rearrange  
the girl knew how to chop and change  
chop and change  
chop and change  
chop and change  
chop and change

took a job workin late  
jackin cars from out of state  
she found no love in this town  
so she'd never mess around  
had no luck, but aint it strange  
the girl knew how to chop and change  
chop and change  
chop and change  
chop and change  
chop and change
