

Black Keys, The

"Same Old Thing"

Visit "[Same Old Thing](#)" on MotoLyrics.com

No matter where you been
Those people try to do you in
Every day till dawn
There's some thievin' goin' on

Oh no, it hurts me so
Just the same old thing
Just the same old thing
No matter how much love you try to bring
It's just the same old thing

You got a callous heart
From being torn apart
Now you labor every day
Your love life drifts away

Oh no, it hurts me so
Just the same old thing
Just the same old thing
No matter how much love you try to bring
It's just the same old thing
