"Til I Get My Way"

Love me, don't leave me
Make me feel you need me

You kill me and thrill me
Don't you know I will be
Callin' on you everyday
Till I get my way

Darling I wonder
How you pulled me under

You kill me and thrill me
Don't you know I will be
Callin' on you everyday
Till I get my way

Please remember
The cold, cold nights in December

You kill me and thrill me
Don't you know I will be
Callin' on you everyday
Till I get my way
