I love how they used to say
It's all in your head
You're a paranoid picture
You're a photograph

Exposed by the light
When you step outside
Burnt by the sun
That's in your eyes

But when I saw it in my face
In this mirror that needs to break
Something bothered me and left me to feel

Betrayal, betrayal
It rips right through me
How you lie right to me
Betrayal, betrayal
Will this world make better sense?
Once you mean nothing to me

It's on the cutting floor
Footage of this mess
Filmed then packed and ready to sell

Betrayal, betrayal
It rips right through me
How you lie right to me
Betrayal, betrayal

You used to live in a memory
Now those pictures are burning now
You're a memory
A fingerprint on the film
You're a shadow in the sun
Now it's your time to burn

Betrayal, betrayal
It rips right through me
How you lie right to me
Betrayal, betrayal

Will this world make better sense?
Once you mean nothing to me

One day, you will come crawling back
To the same place that I've been
