I stand in the snow
In an empty field
Slipping away
I can't feel
My legs under me

The ice is warm
It's melting
Into the stream
Up ahead
I can't see
What's in front of me

So I wait for her
I wait forever
In the cold
So I wait for her
I wait forever

There's something
About her
She always speaks with purpose
And again she takes it

I break into pieces
The moment she starts speaking
There's something
About her

Wanted (wanted)
And Needed (needed)
You are my inspiration
You Speak with such purpose

So I'm standing here
I wait forever
It's so cold
It seems like forever
I'm standing here
Waiting for you

I'm standing here
I wait forever
It's so cold and
It seems like forever
Then I'm standing here
Waiting for you

There's something
About her
She always talks in circles
She loves to see me hurt

Wanted (wanted)
And Needed (needed)
You Are My Inspiration

Wanted (wanted)
And Needed (needed)
You Are My Inspiration

Wanted (wanted)
And Needed (needed)
You Are My Inspiration

Wanted (wanted)
And needed (needed)
You are the misery that shows

Oh no no no
You're killing me dead
oh no no no

And she knows
What to say
And she knows
That you can hear that way
And she knows
What she wants

Wanted (wanted)
And needed (needed)
You are my inspiration

Wanted (wanted)
And needed (needed)
You are my inspiration

Wanted (wanted)
Can I feel this?(needed)
You are killing me

Wanted (wanted)
And needed (needed)
You are the misery I break
