A long to be
A dawn to see
New shoes for me
To walk the miles

A try to ween
A time to claim
An in between has arrived

An emptiness
A fake address
For me to hide
Where I've been
It's kept me far
So far

To numb descents
To hush regrets
And wonder whys
Beggin cents
For craving arms

Isn't there something
Someone there
Who could please
Sell me, sell me
Just name the price
For some better days
To come my way
Ah, ah

All sorries sent
A cry wolf's spent
My kin and friends
Are moving on
Moving on

A trusting bent
An owed back rent
A chance to lend
Too far gone

Eyes of the past
Staring downward
Must you burn me, burn me
Like yesterday's sun
Before better days
Can come my way

And where do we go?
Where do we go from here?
Where do we go?
Where do we go from here?
A long way..
Hey...oh..yeah..
Ooooooooooh..yeah
Hey..hey..hey..

-Solos-

Isn't there someone?
Someone there..ohh
Someone out there
Ohh
Come my way
Come my way

A yesterday
A memory lane
A guilty stain
On my hide

A father's way
A rebel's pain
Bought divide
A past to taint
Taint my whites, alright
God help me

Pour down your deep
Soul cleansing rain
And do wash me, wash me
Of all my sins for some better
Days to come my way

Now how much a longer
Will I have to pay
Now just take me, take me
Away from this hell debt forever
Some better days may be

And where do we go?

Where do we go from here?
And where do we go?
Where do we go from here?
And where do we go?
And where do we go from here?
And where do we go?
Where do we go from here?

A long to be
A dawn to see
New shoes for me
To walk the miles
