VS1

Look at me, I'm frozen  
Cause I don't know how you deal with  
The things that I put you through

When I'm broken  
You hold me together  
I don't know how you do it  
You're just like superman

I could be fallin from an aeroplane  
And you save me again  
Cause that's just what you do  
You're always there

Chorus

When I'm down you're my riser  
You lift me up  
Where would I be if I didn't have you  
And even when I'm giving up  
You push me  
And if I get lost you're my finder  
You lift me up  
Where would I be if I didn't have you  
If I didn't have you

I don't know how you do it

VS2

Look at you, you make me feel  
Like I just don't deserve you  
Cause I'm a just a regular  
Girl who, is so confused  
Didn't know where I was going  
I do now because of you

I could be dealing with a hurricane  
And then you'd save me again  
Cause that's just what you do  
You're always there

When I'm down you're my riser  
You lift me up  
Where would I be if I didn't have you  
And even when I'm giving up  
You push me  
And if I get lost you're my finder  
You lift me up  
Where would I be if I didn't have you  
If I didn't have you

I don't know how you do it

Bridge  
Do you always make me feel like it's ok?  
Yes you do  
Do you always find the right words to say?  
Yes you do  
Do you help me to stand tall everyday?  
Yes you do  
Because you are  
You're always there

Chorus  
When I'm down you're my riser  
You lift me up  
Where would I be if I didn't have you  
And even when I'm giving up  
You push me  
And if I get lost you're my finder  
You lift me up  
Where would I be if I didn't have you  
If I didn't have you

Always there  
When I'm down you're my riser  
You lift me up  
Where would I be if I didn't have you  
And even when I'm giving up  
You push me  
And if I get lost you're my finder  
You lift me up  
Where would I be if I didn't have you  
If I didn't have you
