Wonderland
(yeah ohh yea ooh)
Slipping sliding
Free fall flying
Spinning, spiral, stripping around
Reeling, rolling tipping, toeing
Think were going underground

It's a whole new world
On the other side
We can find our friend
At the end of the line

No matter where we fall
Or where we land
I believe we're a part
Of a master plan

CHORUS
Who knows where
(who knows where the journey ends)
The journey ends
(catch me if you think you can)
Take my hand
(take my hand we're going to)
We're going to wonderland (yeah)
Way up high
(way up high i'll fly)
We can fly
(to a place where dreams come true)
Take my hand
(take my hand we're going to)
We're going to wonderland

Were going to
(were going to)
I'm going to
(i'm going to)
Were going to wonderland -X's 2

Twisting, turning

Living, learning
Forever changing where we're at
Plotting, scheming
Hoping, dreaming
Two steps forward one step back

Look to the left
(yeah)
Look to the right
(look to the right)
Look straight ahead,
You'll see the light take a deep breath,
Then let it go (just let it go)
Together we'll travel down every road

Chorus

Come on I wanna fly with you
(i wanna fly with you)
There's a place i wanna take you to
(i wanna take you to)
We're gonna make a dream come true
(dream come true ohhh)
Take my hand were going to ...

Chorus X's 2

(yeaah yeaah)
