I can't think straight  
Voices scream insane  
Calling out to let me go  
Just let me go  
I have thought for far to long  
Is it right , or is it wrong  
Now I think thats my mind  
It's just loosing time  
But it takes so much time before you realise  
Why some things never change  
They always stay just the same  
The first taste of death is sweet  
Feel it burning , an internal heat  
Driving me into white light, killing time  
Well , it takes so much time before you realise  
Why some things never change  
They always stay, just the same  
There's no comeback  
When your playing with a stacked deck  
If you loose , you only cheat youself  
Come with me, take my hand  
Help me to make a stand  
I can't give in, cause my mind and my heart  
Mind and heart bleed  
Well, it's no suprise my friend  
Another hero dies  
What goes down comes back around, and it never  
No, never lies  
It takes so much time  
Oh why do some things never change  
They always stay, just the same.
