If you see my friend, doesn't matter where or when, tell  
me if you see kay  
If you see my friend, doesn't matter where or when, tell  
me if you see kay

She said I won the battle but I lost the war,  
And now my head is sore,  
And if I try and sail back in she's gonna push me from  
the shore,  
Now I wont ever get the time or day,  
No way no way no,  
Not from what I said but from what I didn't say,  
What I didn't say

So if you see kay will you tell her that I love her,  
And if you see kay let her know I want her back,  
If she listens say I miss her,  
Everything about her,  
Make sure you say I'm sweet f.a without her,  
If you see kay

If you see my friend, doesn't matter where or when, tell  
me if you see kay  
If you see my friend, doesn't matter where or when, tell  
me if you see kay

She got me saying sorry through the door,  
She don't care anymore,  
She says it's to late now should have thought of this  
before,  
But I aint gonna take this as defeat,  
No way no way no,  
Cause I'm gonna shout it out to everyone I everyone I  
meet

So if you see kay will you tell her that I love her,  
And if you see kay let her know I want her back,  
If she listens say I miss her,  
Everything about her,  
Make sure you say I'm sweet f.a without her,  
If you see kay

Now I'm sitting here in disbelief,  
How it truly broke my heart to have to watch her leave,  
But she was torn between what she wants and what she  
needs,  
They say you love someone enough you've gotta set  
them free,  
She said that she was born and leave this down to her,  
Knew the truth was good she looked me in the eyes a  
lot,  
Saying it's time to cut the ties,  
Time to say goodbye,  
So she left,  
But she never never left my,  
Never never left my mind

So if you see kay will you tell her that I love her,  
And if you see kay let her know I want her back,  
If she listens say I miss her,  
Everything about her,  
Make sure you say I'm sweet f.a without her,  
And make sure you say I lost my way without her,  
If you see kay

If you see my friend, doesn't matter where or when, tell  
me if you see kay  
If you see my friend, doesn't matter where or when, tell  
me if you see kay
