Hey ya yo! X4

I've never ever, been in love before.

And what I heard just left me wanting more.

Deep down inside guess I felt kinda scared.

Nothing but doubts, I was so unprepared.

Could never trust my fickle intuition.

So I came up with all sorts of reasons.

Pushing aside all the ones that could be.

Maybe for others, but not not for me.

Whoa, you came by.

And my life turned upside down.

Whoa, you seemed an

Impossible dream I've finally found.

Hey yo! Now I realize how I could have had you sooner,
sooner.

Hey yo! Kick myself inside

For waiting like a fool in a corner, corner.

Hey yo! Glad your in my life.

I know it's kinda late then never, never.

Hey yo! Your always on my mind after all this wasted
time cause I.

I should have had you sooner, sooner!

I should have had you sooner, sooner!

You and I were both in different places.

We'll stick together through all of the changes.

To clarify just what life means to me.

Something to live for and someone to be.

Whoa, you came by.
And my life turned upside down.

Whoa, it seemed an
Impossible dream I've finally found.

Hey yo! Now I realize how I could have had you sooner,
sooner.

Hey yo! Kick myself inside
For waiting like a fool in a corner, corner.

Hey yo! Glad your in my life.
I know it's kinda late then never, never.

Hey yo! Your always on my mind after all this wasted
time cause I.

I should have had you sooner, sooner!

Whoa, you came by.
And my life turned upside down.

Whoa, you seemed an
Impossible dream I've finally found.

Hey yo! Now I realize how I could have had you sooner,
sooner.

Hey yo! Kick myself inside
For waiting like a fool in a corner, corner.

Hey yo! Glad your in my life.
I know it's kinda late then never, never.

Hey yo! Your always on my mind, all this wasted time
and I.

I should have had you sooner, sooner!
I should have had you sooner, sooner!
I should have had you sooner, sooner!
I should have had you sooner, sooner!
