A wonderful thing to dance a jig upon the graves of
your
enemies,
To piss in the face of virtue and grace and celebrate
atrocities,
If there ever was such a thing as joy and love and
liberty,
I'd have another song to sign but then we couldn't
Daaaaaaaaaaaaaaaaaaaaance
We couldn't dance a dance that once was danced by all
the
naked ladies in
France,
And if I was given half a chance I'd fuck them all right
up
the ass,
Then you and your grandma too can see what I've
found to be
true
(chorus)
What you see is what you are 'cause you're a Naked
Boobie Star
Star
Star
Star
