I want to see, show me reality
Ratings dropping, what to do
More violence and nudity.
Right wing complaining, fuck em if it's entertaining
They'd be having all the fun if they were holding on the
guns
What's this coming to me? Some kind of notion
brewing?
Ceaser, he had something I'll be continuing.
How could this be wrong? Death comes for us all so

I will kill another motherfucker until the ratings die (x3)
I will kill.....

I want to see televised misanthropy
Ratings dropping, what to do? More beatings or
misogyny.
Prisons overcrowding, fodder for the ever growing
Crowd pleasing industry, unstoppable and ever hungry

Whats this coming to me?
Some kind of notion brewing?
Ceaser he had something I'll be continuing
How could this be wrong? Death Comes for us all

I will kill another motherfucker until the ratings die (x3)
I will kill.....

How could this be wrong?
Why don't you blame god?
Indiscriminaty, he kills more than me SO..

I will kill another motherfucker until the ratings die (x3)
I will kill.....

You're no one until you've died on TV
