Alright

From the hillside to the sea
Let your love wash over me
Oh yeah
Over river- mountain- skies
Watch it drift on through the skies

Tide rolls out- tide rolls in
Let your love inside begin to grow
Let it bloom
Into something beautiful
Something beautiful
Yeah yeah

Come on just

Cool me
Cool me
Cool me down
Cool me down
Cool me down
x4

Let your love wash over...wash over me
Let your love wash over me
Wash over me girl
(Yeah yeah yeah)

I feel your seasons changing me
Winter fires- autumn breeze
A sweet song rises- watch it breathe
Your shining light for all to see

Tide rolls out- tide rolls in
Let your love inside begin to grow
Let it bloom
Into something beautiful (yeah yeah yeah)
Something beautiful

Come on just

Cool me
Cool me
Cool me down
Cool me down
Cool me down
x4

Baby baby just

Cool me
Cool me
Cool me down
Cool me down
Cool me down
x4
